Adult & Community Education

The Concord-Carlisle Adult & Community Education Department is a program of the Concord-Carlisle Public Schools that is completely supported by tuition received from our courses. Established in 1954, we provide affordable education and enrichment opportunities for students of all ages. Community Education is much more than our classes - it's a process whereby citizens make wise use of after-hours space in public facilities, in order to foster continuous learning and a sense of community. Thank you for your continued support.

Do you have a skill or special knowledge to share with your community? We want to hear from you!

NEW Technology/Life Balance Workshop for Families

Nancy Hamilton & Susan Reynolds, Instructors

We live in a digital world and technology is here to stay. How do we manage the overwhelming increase in technology use knowing it can't be avoided?

Join us for an interactive, engaging workshop on the roles technology and social media play in our lives. Come learn how to maximize your use of technology with mindful intention as opposed to mindless distraction. You will learn the latest research on why our children are so attracted to screens and how together, you and your children can take control of technology use, rather than being used by it. Learn strategies that will help you and your family find the balance of an on-screen life and off-screen life and get some tools to help you live your life with intention, and increased focus.

Tues, May 1, 7-8:30 pm, Gleason Public Library Fee: \$25

NEW Hand Tool Repair & Restoration

Peter Coppola, Instructor

Is it vintage or antique, a family heirloom or piece of wall art; or maybe something you want to bring back to life? Learn how to repair, restore and use the kitchen, garden and woodworking hand tools designed and used by our grandparents. This has been one of Peter's summer hobbies trolling yard sales and antique shops to find gardening or woodworking tools to restore in the winter months. This class will provide information on hand tool identification and dating, the tools and materials needed for restoration, steps in the process, and the importance of on-line research. Students can bring something they might want to try restoring, along with their questions.

Mon, Apr 9, 7-9:30 pm, Bedford Rec Fee: \$25

NEW Oil Painting

Corine Mazza, Instructor

Come escape your day and relax! This is an instructional oil painting class, designed for beginners and those who would love to paint. Learn various techniques and how to use a variety of brushes and tools to apply oil paint to canvas in a fun, creative and fast way. No drawing required. In each two-week session, you will leave with a complete painting to take home and cherish or give as a gift. All supplies included. Bring an apron or wear clothes that can be painted.

Quilting with Friends for All Levels

Debby Fink, Instructor

Do you want to learn to make a quilt? Or preserve special memories with a t-shirt quilt? Or do you want to work on your own project with a bit of coaching, assistance and encouragement? This is the class for you!

We'll start with a charm pack (5" squares), learn all the basics and make a "charming" baby quilt. If you prefer a T-shirt quilt, gather 12-15 t-shirts and we will turn them into a lap quilt. If you have your own project bring it along and enjoy some expert advice and fun companionship. Basic sewing skills are required (thread a machine, sew a simple seam). You should bring a sewing machine, thread, scissors, rotary cutter and mat. Contact Debby for a detailed supply list for a baby quilt or a T-shirt quilt: debbycreates@gmail.com.

Classes will meet for two-hour sessions. If you want to stay for a third hour to work on your project, you may do so and Debby will be available during this time.

5 Thurs, Apr 26, May 10 & 31, Jun 7 & 14, 6:30-8:30 pm, Alcott Tuition: \$75

NEW Advanced Photography Robyn Bright, Instructor

This class is for anyone who has taken a beginner photography class and/or has an understanding of composition and lighting as well as how to use aperture & shutter speed. In this advanced class, we will cover exposure level and how to change it and do bracketing, histograms and what they mean and using them, ISO settings and using the camera's light meter. We will also cover different flash techniques and when to use flash to get the best look, and about camera settings and equipment to use. An SLR digital camera will work best for this class. Please bring your camera, manual and any other equipment you wish to the first class.

4 Mon, Apr 30-May 21, 7-9 pm, Bedford Rec Fee: \$80

NEW No-Sew Beach Bag Debby Fink, Instructor

Come create a no sew beach tote - approximately 25" x 15" x 9". We will provide the fabric (see photo) or bring your 1 yard of a cotton canvas of your choosing. You can contact Debby with any questions at debbycreates@gmail.com. **A \$12 materials fee is due to the instructor on the night of class.**

Mon, May 7, 6-9 pm, Alcott Fee: \$30

NEW No-Sew Tshirt Tote Debby Fink, Instructor

Come make a sturdy t-shirt bag with a bit of yarn to take to the Farmers' Market. No sewing needed. You can contact Debby with any questions at debbycreates@gmail.com.

Driver Education

Driver education promotes and teaches safe driving attitudes, develops defensive driving skills, and respect for the rules of the road. It prepares students for the RMV road test and it strives to prevent or reduce accidents and fatalities that involve young drivers. Students must be at least 15 years and 9 months of age to begin driver education. Driver Education at CCHS includes:

- 30 classroom hours
- 12 hours of behind-the-wheel instruction,
- 6 hours of on-the-road observation, and
- one 2-hour parent/guardian class.

Classroom materials are supplied: Also recommended: RMV Driver's Manual. Download at www.massdot.state.ma.us/rmv. Purchase at RMV offices (\$5) or in the ACE office (\$4)

Elective Credit: CCHS students may earn one elective credit for completion of the classroom program.

Parent Session: We strongly encourage parents to attend the RMV-mandated parent class **before** their child begins the Driver Education program or early in the program, as we will review our program's policies, procedures, and the expectations of the parents and students. Parent meetings are FREE for parents of students in the CCHS Driver Education Program.

Yoga for Beginners & Beyond

John Calabria, Instructor

This class is geared specifically towards beginners and is a slightly slower paced class. Every class is open to students of all levels and abilities. We're flexible about switching to other classes as needed. For directions to the studio and answers to frequently asked questions please visit www.YogaWithJohn.com/CAE.

8 Mon, Apr 9 - Jun 4, 6-7:15 pm, Starfish Dance & Yoga

Fee: \$120

Peaceful Mindful Yoga

John Calabria, Instructor

Yoga is one of the best ways to increase health, happiness, and overall wellbeing. We're not that hard-fast-workout yoga that so many are doing these days. Rather this is Yoga as it once was, unhurried movement through peaceful postures with lots of breathing. Modifications are taught; some do more, some do less. So truly, *all* are welcome. If you can breathe, you can do this Yoga.

The cascade of benefits begin within the first few calming breaths of the session. In time, students shed stress, extra pounds, drop medications, strengthen muscle and bones, sleep better, regulate blood pressure, make headaches history, and more, along with a lasting sense of well being.

For answers to frequently asked questions please visit www.YogaWithJohn.com/CAE

Barre3

Ashley Quesnel & Kristin McCullar, Instructors

Barre3 is a 60-minute workout that mixes athleticism, grace, and the latest innovations designed to balance the body. Inspired by ballet barre, yoga and pilates, instructors guide clients through a sequence of movements designed to tone and lengthen all major muscle groups, rev the heart rate, and strengthen the body. Barre3 is for everyone -- this is not a one-size-fits-all approach to fitness. Instead, each individual is empowered to adapt postures and develop body awareness for lasting results. Please wear comfortable clothing. We will work barefoot or with sticky socks (which can be purchased at the studio). All you need to bring is a water bottle -- all other props will be provided. Age 16+

Section C: 8 Tues, Mar 27 - May 15, 10:15-11:15 am, Classes meet at Barre3 Sudbury

Section D: 8 Wed, Mar 28 - May 16, 5:45-6:45 pm, Classes meet at Barre3 Bedford

Tai Chi

Eliot Prisby, Metrowest Kung Fu

Translating to "Supreme Ultimate Fist", Tai Chi Quan is a Taoist martial art that is practiced slowly and gently. Some study Tai Chi for its benefits to balance and body awareness. Many find its pursuit of natural relaxation effective in stress-relief. Martial arts students often augment their training with Tai Chi to increase their understanding of body mechanics and energy transfer, making them more solidly-rooted, effective fighters. Learn to listen to your body and move naturally as you leave the day's stress behind you.

Health & Wellness / History & Culture

Nature's Medicine Cabinet

Pamela Ely, Instructor

Essential oils are everywhere now – another “alternative” practice gone mainstream! Like chiropractic treatments, acupuncture, massage and reiki, essential oils have become popular in our culture and are even being recommended by some conventional physicians. Have you ever wanted to learn more about them but didn't know who to ask? Our one-night seminar will give you a little knowledge about an ancient and effective form of healing. You will leave the discussion knowing how to blend simple ingredients into powerful weapons against germs and viruses; learn which oils to use on bruises, sprains and fractures; learn how to use oils to promote relaxation and sleep. Most importantly, you'll learn to find reputable essential oil sellers. Know what brands you can trust to be free of synthetics. You'll leave with samples of a few of the most popular oils and information on how to start creating your own natural medicine cabinet. All attendees will receive a gift certificate for a free thirty-minute follow-up phone consultation.

Sleepy Hollow Walk

Jayne Gordon, Instructor

What better place to learn about the interwoven lives of Concordians in the 19th century than our beautiful town cemetery! World famous authors, who once walked these grounds, lie buried amongst the friends and neighbors whose paths crisscrossed theirs. See how Ralph Waldo Emerson's ideas about the harmony of man and nature play out in the landscape architecture of this National Historic Landmark. Sleepy Hollow was designed as a place for the living as well as the dead: for education, reflection, and sustenance. The rich history of the site, and the riveting stories of its inhabitants will be the focus of this two hour walk, led by our own local historian!

Sun, Jun 3, 4-6 pm,

Fee: \$25; \$40/couple

We will meet at the Prichard Gate on Bedford St (62), opposite Partridge Ln. (Second gate on left coming from Concord Center). There is parking on the cemetery side of Bedford St.

Conversations in a Civil Society: Agreeing to Disagree

"The right to criticize, the right to hold unpopular beliefs, the right to protest, the right of independent thought, all basic principles of Americanism."

- Margaret Chase Smith

Join this discussion on how to navigate our differences: politics, religion, values, life style. How do we learn to have conversations around issues that sometimes divide us? How do we learn to listen better, discuss, and even bridge that divide?

Moderator: Ethan Hoblitzelle, Social Studies teacher, CCHS

Panelists:

Ona Ferguson from Consensus Building Institute

Dr. Robert Munro from Middlesex School

Rose Pavlov from Ivy Child

Home & Hearth / Parent & Child

A Homeowners Guide to Additions & Renovations

William Dickinson, Instructor

Are you dreaming of a master bedroom suite? Does a kitchen/family room addition sound ideal? How about an in-law apartment or a home office over your garage? Are you trying to decide between renovating or moving? If you are considering a house addition or renovation, this is the course for you. Bill Dickinson, principal of Dickinson Architects in Concord, will guide you through the process of design and construction for residential additions and renovations. The class will review zoning, designer selection, budgeting & estimating, construction drawings, contractor selection, permitting, and the construction process. In short, everything you need to know to make informed decisions that ensure that your money is well spent.

Solar Workshop for Homeowners

Martin Plass, Instructor

This workshop is designed for home or business owners who would like to learn more about adding a solar system to their house. Solar can be a great investment if done right and is one of the most effective ways to lower your personal carbon footprint. The workshop will be taught in two sessions:

Part 1 – Understanding solar / getting ready:

- Overview of solar photovoltaic technology
- What houses are good candidates for solar systems
- Cost of solar, available incentives from Federal, State and local sources, typical payback times
- Buying versus leasing and solar loan programs
- Homework: Collect information to evaluate your home

Part 2 – Evaluating solar for your own house:

- Using free tools to evaluate your solar potential, expected costs and returns (we will use examples of your homes)
- How to find the best solar installer
- Contract terms and warranties from solar installers
- The solar sales and installation process
- Pitfalls and things to look out for during sales, project planning and installation
- Monitoring and maintaining your solar system

Parent-Toddler Program (Ages 1-2*)

Ingrid Wheeler, Instructor

This program for parents and their children, ages 12-24 months*, is a fun-filled play group experience. Children enjoy cooking in the play kitchen, rolling cars down the ramp of the car garage, putting babies to bed in the doll area, or exploring many other toddler toys. While the children play in the same room, parents participate in a discussion about parenting one-year-olds. The class includes a snack time, outdoor or gym play, and a fun interactive singing time. *Ages are as of September 2017.

6 Thurs, May 3 - Jun 7, 9:30-11 am, Ripley School

Fee: \$79

Parent Pre-School Program (Ages 2-3*)

Ingrid Wheeler & Amy Happ, Instructors

This program is two classes in one: It's a preschool class for the child, and a discussion group for Moms and Dads in another room.

The preschool morning is filled with fun activities including sand and water play, painting at the easel, cooking in the play kitchen, and playing with play dough. There is a special project each morning and a snack time when the teacher reads stories, followed by outside or gym play. The morning ends with an interactive parent and child singing time.

The parent group is facilitated by the other teacher and parents enjoy coffee and refreshments while discussing issues relating to the joys and challenges of raising a two-year-old. Parents take turns helping in the classroom and sharing their child's first school experience. *Ages are as of September 2017.

6 Fri, May 4 - Jun 8, 9:30-11:30 am, Ripley School

Fee: \$175

Instrumental Music School

Individual Instruction
for new & continuing students

Established in 1980
Debbie Levine, Program Coordinator

The Carlisle, Concord, and Concord-Carlisle Schools offer individual instrumental and vocal instruction all year long. Private study through IMSCC ensures real progress and results for our student musicians of all ages, including adults.

Fall and Winter/Spring sessions are 16 weeks, while the Summer semester is designed with flexibility in mind, customizing your lesson schedule to fit with your vacation plans. IMSCC is a fee-based service provided by the schools, enabling convenient and reasonably priced one-on-one music lessons with highly qualified professional musician-teachers.

We have teachers for: violin, viola, cello, string bass, flute, oboe, clarinet, bassoon, saxophone, trumpet, French horn, trombone, baritone horn, euphonium, tuba, voice, piano, electric and acoustic guitar, ukelele, electric bass, and percussion (includes snare drum, tympani, mallet instruments, and drum set).

We will work with you to accommodate requests for individual teachers and times. Parents are responsible for obtaining instruments.

Summer & Fall Registration coming soon!
We offer 30-, 45-, or 60-minute lessons

Summer Music

Song Writing

Chris McDermott, Instructor

Don't overthink it! This course is for anyone, any instrument, at any level who wants to learn to compose and finish a song, which will be performed at the end of the session. Through class analysis of popular song form, and some basic chord theory, Chris will teach the class and assist each student one-on-one with the tools and tricks he has used as a professional songwriter. If you have unfinished ideas, would like to learn new approaches to lyrics and music, or have never composed anything before but have a big interest, this course will give you some inspiration to get going.

Mon-Fri, Jun 25-29, 10-11:45 am, CCHS **Fee: \$200**

Reed-Making Workshop

Dennis Shafer, Instructor

In this workshop, we will discuss how to select the right reed for your practice or performance, and learn a little about how to adjust reeds. Bring all those reeds you have! Leave the icky old ones at home, and bring the new ones, and those reeds you know have some potential, but you're not exactly sure what's wrong with them. We will work some magic and make them sound awesome. A reed workshop catered to your needs, we will discuss reed care, reed adjustment, and finding the perfect reed for your upcoming performance or audition.

Session A: Tues, Jun 26 **OR** **Session B: Mon, Aug 20** **6:30-8:30 pm, CCHS** **Fee: \$45**

Sound-Painting Workshop

Dennis Shafer, Instructor

This workshop is designed to enhance creativity through Soundpainting, a performance of words and music using gestures. This art, developed by composer Walter Thompson, fosters inter-disciplinary performance and is used by many improv theatre and avant-garde musicians in New York City and Paris. In a concert setting, an audience reacts to simple gestures from a composer-conductor (the "Soundpainter") in 2-5 minutes, allowing for highly interactive improvisatory performance. Similarly, a group of performing artists can be taught to Soundpaint in less than an hour of intense rehearsal.

Session A: Thurs, Jun 28 **OR** **Session B: Tues, Aug 21** **6:30-8:30 pm, CCHS** **Fee: \$45**

Group Improvisation Workshop for Clarinet & Saxophone

Todd Brunel, Instructor

In this workshop we will explore riffing, improvising melodies over chord structures and styles of improvisation in jazz and world music. Be prepared to create free group improvisations! The only requirement is an open mind and intermediate level of experience.

Thurs, Jul 12, 5:30-7 pm, CCHS **Fee: \$40**

Reeds/Winds Masterclass/Clinic

Dennis Shafer, Instructor

In this workshop, we will have fun performing for one another, and when we're done performing for one another, we'll perform with each other! We will sight read chamber music pieces together catered to the level of your playing. While we are playing together, we will also learn some pointers on how to play more in tune, with better musicianship, and other tools that we need to play music better together. We all have areas where we can improve skills on our instrument and it is surprising what you can learn from others!

Session A: Wed, Jul 25 **OR** **Session B: Wed, Aug 22** **6:30-8:30 pm, CCHS** **Fee: \$45**

Clarinet & Saxophone Technique Workshop

Todd Brunel, Instructor

Get extensive training in clarinet and saxophone ensemble playing. We will focus on teamwork inside the ensemble, blending, tuning, matching articulation and those challenging things like sound production and air support. We will explore clarinet and saxophone ensemble arrangements of classical, jazz and world music pieces.

Driver Education

Earning your drivers license is a huge milestone. Drive with us this summer!

Driver education promotes and teaches safe driving attitudes, develop defensive driving skills, and respect for the rules of the road. It prepares students for the RMV license exam and it strives to prevent or reduce accidents and fatalities that involve young drivers.

Driver Education Age Requirement

- 15 years, 9 months: Students can begin classroom instruction.
- 16 years: Legal age to operate with a Learner's Permit.
- 16 1/2 years: Legal age (to the day) to be licensed with a Driver Education Certificate.
- 18 years: Legal age (to the day) to be licensed without a Driver Education Certificate.

Week-long classes during the summer:

June 25-29

August 6-10

August 20-24

On-the-road schedule: Initially, students are encouraged to find a partner and schedule 2-hour lessons, which will include one hour of observation and one hour of behind-the-wheel instruction for each of them. The remaining 6 hours of behind-the-wheel instruction can be arranged in 1- or 2-hour sessions. Students must have their Learner's Permit in their possession to drive or observe. *A practice road test may be scheduled with one of our instructors for an additional \$25 on a weekday or \$35 on a weekend. Approved vehicles and instructors are available to sponsor students for their road test. As soon as a test date is scheduled at 978-341-2490 x7124 or rgurley@concordcarlisle.org.*

Personal Finance / Growth / Recreation

Designing Sustainable Retirement Income

Glen MacNeil, CFA, Instructor

Join us for the answers to all of your questions! You saved and invested. Retirement accounts have grown. The time has (or will) come that you want to switch from working and saving to generating and enjoying reliable income from your savings. The transition involves making choices, setting priorities and managing risk. The instructor will emphasize strategies and tactics proven to successfully generate streams of sustainable income that maximize lifestyle and financial security. If you have a 401(K), 403(B) or IRA and want these assets to create income, while being smart about risk and taxes, this class is for you. This interactive workshop will focus on asset allocation, investment selection, and strategies for mitigating risk and minimizing taxes. There will be a question and answer period.

Personal Growth

Evolving as We Mature

Annie Gray, Instructor

Many of us in our sixties and seventies (even late fifties) experience changes in our needs, priorities, and passions. Although this is a natural aspect of a developmentally appropriate journey to wholeness, the road can feel bumpy. This six-week program will smooth the road by opening up new perspectives, enabling you to explore new territory and deepen your learning in the community of others on a similar quest. Topics include Celebrating and Revising Your Story, Sourcing Your Energy, Forgiveness, Letting Go, Transformational Experience, and Befriending Death. Workshops will involve exercises, discussion, journaling and media. Suggested, not required, reading is "The Five Invitations: Lessons to the Living from the Dying" by Frank Ostaseski.

The Power of Vision Boards

Tori Hallowell, Instructor

You have probably seen them at friends' houses, read about them online, scrolled past them on Pinterest or maybe you have even attempted your own vision board. If you have waved them off as silly and inconsequential I am hear to tell you that you might be passing up on a life-changing exercise. And a fun and creative one at that. Visualization boards are quite simple in theory, and powerful in their execution. They create a visual display of what you want in life, how you want to feel, what you want to experience and achieve. They serve as an image of your ideal future. Curious? Join me as we break down the power behind vision boards and get to work creating our own. We will cover goal-setting, visualization tips and tricks and tap into our creative side in this fun and interactive workshop.

Wed, May 16, 7-9 pm, CCHS

Fee: \$35

Recreation & Adventure

Improv

Bari Olevsky, Instructor

This class covers the basics of improv comedy in a fun and safe environment. Using exercises and improv structures, we will learn how to combine physical action, emotions, objects, relationships and a "yes, and" attitude to create humorous scenes. You'll be amazed at what you can do as you learn to stop editing yourself, interact with a partner, and express your natural creativity. No experience or special training is required for this class.

6 Thurs, Apr 26 - May 31, 6:30-8 pm, CCHS

Would you like to teach for CCACE or do you have an idea for a new class?

We are always looking for new ideas and enthusiastic teachers who are eager to share their expertise with us! Send a resume and course proposal to ace@concordps.org.

Recreation & Adventure / Village University

Beginning Backyard Bird Song

Michele Grzenda, Instructor

Birdsong identification is a lot like learning a foreign language. You start with a few basic bird songs as a reference, then add to your repertoire by repetition and practice. Learn the types of sound birds make, and why they make them. Unlock the key to “mnemonics” memorization techniques. The classes will explore common bird songs heard in Massachusetts and techniques used to remember them. Each class will focus on approximately 10-15 birds. Ample time will be spent listening to each bird song, finding ways to remember it, and putting several different bird songs together for comparison. Please bring a notebook, pen, and bird book if you have one.

2 Thurs, May 10 & 17, 7-9 pm, CCHS Fee: \$40

Spring Birding Field Trip

Michele Grzenda, Instructor

Are you interested in identifying the birds singing in your backyard or a nearby park? Michele will introduce you to 25 species commonly found in our neighborhoods, wetlands, and forests. Learn various field identification techniques by sight and sound. These walks are designed for beginner and intermediate bird watchers. Please bring a pair of binoculars, bug spray, and a field guide if you have them.

Village University

The Village University, established in 2003, was inspired by Elliot & Alma Ring, and offers courses for mature learners who are seeking stimulating study and conversation about interesting topics. The courses are taught by academics, scholars, and educational leaders who volunteer to share their knowledge and inspire others. The volunteer instructors bring the best university-level learning experiences to Concord and Carlisle.

American Popular Song From Stephen Foster to Lady Gaga

Keith Daniel, Instructor

This listening course will focus on the varieties of American song, as first typified by Stephen Foster’s parlor songs and minstrel songs in the 19th century. We will listen to and examine songs generated by wars, Tin Pan Alley songs, songs from the American musical, songs of social protest (Guthrie, Dylan et al), rock and roll songs (including the Brill Building, Motown, surf music, and others), singer-songwriters, and pop stars of the eighties and beyond. Who “created” tradition? Who followed it? And who broke with it? What composers emerged as our greatest songwriters? No knowledge of music is necessary.

6 Mon, Mar 26 - May 7, 10-11:30 am, Newbury Court Requested donation: \$60

Random Accidents that Changed History, Part IV

Bill Koenigsberg, Instructor

The upcoming course is a continuation of the “Random Accidents that Changed History” class, offered previously at Village University. It will introduce the student to additional circumstances involving accidents that significantly influenced history.

History is filled with seemingly improbable events whose outcomes are often unanticipated. A simple conjecture offered in the course, is that history is frequently driven by random accidents that are not fully understood or appreciated at the time that they occurred. Topics such as the unexpected origin of fiberglass insulation, how our Moon was formed, and the discovery of purple dye, will be presented. Other topics, such as the failure of the Kinzua viaduct, collapse of the Silver Bridge, and Boston’s infamous Summer Street Bridge accident, will also be examined. ‘Accidents’ introduced in earlier VU courses will be mentioned and possibly reviewed, based on audience interest. The historical accounts presented illustrate the idea that there is a rational explanation behind many surprising events.

Class participants are encouraged to investigate the credibility of the anecdotes and to introduce related material based on their own knowledge and experience.

5 Tues, Mar 27 - May 1, 10-11:30 am, Fowler Library Requested donation: \$60

The Art of Resistance: Painting by Candlelight in

Mao’s China

Shelley Drake Hawks, Instructor

Shelley Drake Hawks, Ph.D. is an historian lecturer of Chinese Art and History. The course will discuss the Cultural Revolution (1966-76) from the perspective of seven artists who suffered greatly during that period. In spite of the dangerous times, these artists stood up for creative autonomy. All found opportunities to maintain their connection to art. Their stories reveal a fierce personal independence rooted in Chinese art and philosophy. We will develop a broad framework for understanding recent Chinese history and Chinese culture today.

4 Wed, Mar 28 - Apr 25, 10-11:30 am, Newbury Court Requested donation: \$60

We are thrilled to able to offer Village University programs to our community members. We request a donation of \$60 for the first course and \$30 for each additional Village University course. CCACE is made possible through student fees. The Village University is supported entirely by voluntary donations and your donations help us promote the programs.

World Languages / Writing

French for Beginners

Maurice Bombrun, Instructor

If you have little or long-since-forgotten knowledge of French, this is the class for you. In the beginner level course, we will introduce pronunciation, grammar, and vocabulary. You will learn to communicate basic concepts in French, both written and spoken. Our focus is shared among reading, listening, and speaking for a well-rounded, dynamic learning experience. Please purchase the textbook prior to the first class: *Contacts* (ISBN 978-0618-395-781), Valette/Valette, 8th Edition.

8 Tues, Apr 24 - Jun 12, 4:30-6:30 pm, CCHS Fee: \$139

French Intermediate

Maurice Bombrun, Instructor

This class is intended for intermediate level students. You should have completed Beginner French studies or similar, including basic French pronunciation, nouns, adjectives, articles, possessive and demonstrative adjectives, basic regular verbs and common irregular verbs, in the present tense, near future tense, past tense/passé composé, basic positive, negative and question sentence construction, partitive articles, “il faut”, “depuis”, numbers, time, and weather. Building on this foundation, we will increase and practice your knowledge of other tenses, constructions, and expressions. You will develop skills that lead to simple conversation and understanding of Intermediate level French. Please purchase *Contacts* (ISBN 978-0618-395-781), 8th Edition, by Valette/Valette, prior to the first class.

8 Tues, Apr 24 - Jun 12, 7-9 pm, CCHS Fee: \$139

Conversational French Workshop

Maurice Bombrun, Instructor

In the continuing Conversational class, students will learn how to maintain and practice French to stay fluent and improve conversational skills. The lessons will include pronunciation, understanding, conversation, role/play, writing, grammar and translation to reinforce the learning process. We will focus on giving you the opportunity to speak and write in French. We will use documents from literature, news, movies, and student-submitted documents to expose you to a variety of real-life topics and French language questions. No textbook required.

8 Wed, Apr 25 - Jun 13, 4:30-6:30 pm, Main Library Fee: \$139

Spanish for Beginners

Sonia Hoyes, Instructor

Spanish for Beginners is an introductory course intended for people with little or no knowledge of the language. We will present essential vocabulary, grammar, and develop the speaking, listening, reading, and writing skills necessary for basic communication and comprehension. You will have the opportunity to practice and apply what you learn in conversation and enjoy getting to know your fellow classmates while doing so. Communicative class activities will include pair and group work, interviews and roleplaying. Customs and culture are also presented. Please purchase the textbook prior to the first class: *¡Anda Curso! Elemental*, first edition by Audrey L. Heining-Boyton/Glynis S. Cowell.

Writing

Creative Writing for Fun

Pamela Wight, Instructor

Do you love to write, but not sure what to do with those stories in your head or hidden somewhere in a back drawer? Are you brave enough to write extemporaneously in a class of like-minded adults and then share your written word minutes later? If so, sign up! Designed to encourage creative writing productivity, this popular class includes in-class writing, different writing topics and tips each week, and shared reading. Both fiction and non-fiction (journal writing and essays) are encouraged. Enthusiasm, a great sense of fun, and shared insights are used as learning tools instead of criticism. Class size is limited.

6 Mon, May 7-Jun 18, 1-2:30 pm, Location TBD Fee: \$145
